**Giving Back**

Giving back to others as well as the desire to help others is critical to staying clean and sober. Community service is a requirement as well as an outreach to the surrounding area.

Under addiction one tends to live for the moment, thinking only of and about one self and ones own need. As we learn to help others without expecting anything back in return, then we know the tools that you have been given to staying clean and sober are beginning to positively affect your life and behavior.

**Acceptance to TPN**

1. You must request and be interviewed for acceptance. Contact us directly or your Probation/Parole officer.

2. You must admit that you have a drug or alcohol problem.

3. You must be willing to obey the house rules.

4. You can not have or had violent or sexual charges against you.

5. You must be ready for change.

---

**Fees**

There are no fees charged to you for being in the TPN and Insight programs. TPN will find you a full time position with the earnings going toward supporting the TPN and Insight programs. The funds received from your work place go toward paying for housing, food, basic personal needs, and counseling programs, as well as transportation and basic clothing. Neither TPN or Insight are state or federal funded, nor do they receive state or federal aid.

Work is important to your recovery. Gaining new job skills, social skills, responsibilities, and having reportable length of time at one job is important to employers once you leave TPN. Upon completion of the requirements of the program you will receive vouchers for funds, which will be based on your length of employment and hours worked.

Fax: 417-442-3094
Email: recovery@thepeoplesnetwork.biz

TPN and Insight uses a Holistic program that builds on the individual progress of treatment by exposing men to a healthy, balanced lifestyle, a strong support group, and guidance from those who have walked a similar path. Mixing traditional and non-traditional methods, our approach embraces your emotional, physical, and spiritual well being, as well as psychological, and behavioral growth.
Staff

The staff and volunteers understand the special issues that men face in their recovery. We specialize in working one on one and in group sessions, helping to create positive changes in live, with focus on identifying personal problem areas and leading the client through a program of recovery dealing with all issues.

Length of the TPN Program

1. If you come voluntarily, you will be required to stay for at least one year.

2. If you are court ordered, then the court sets the minimum length of stay.

Why 9 months or Longer?

It is our belief that it takes nine months or longer for some men to learn how to use the tools to stay clean, sober, and deal with life’s situations. Very few can stay clean and sober by sheer will power. If it takes a year to do this once, is it not better than the life you are leading now?

Guidelines

General guidelines are outlined in your interview. Please know that: you will be:

- Drug tested when returning from a day or weekend pass
- Random drug test on demand is a requirement
- You are not allowed to have a vehicle on the premises.

Expectations

We are here to help support you and provide you with the information and materials that you need to lead a productive, fulfilling life outside of addiction. You are encouraged to use your time at TPN wisely. Your time in the program should be about you, not others. This should be a time of reflection on the past in order to better understand yourself, the world around you, and where you wish to be.

Services Provided

Mission Statement

To provide a loving, caring and comprehensive instructional environment, which will aid in helping recovering men with substance abuse deal with their own personal, emotional and life problems. INSIGHT will help prepare them for growth towards increased functional ability, spiritual maturity, and acceptance of responsibility.

Guidance is combined with love as residents take part in group lectures, individual counseling, group process sessions, 12 step programs, Men’s Fraternity, as well as faith based living instructional messages. Each resident enjoys high protein meals, workout areas, and leisure areas. We are a faith based facility.
